

# CLIENT LIST

Last updated: February 16, 2019

Page 1 of 1

Agbayani Structural Engineering (ASE) is proud of its client list for several reasons: it reflects ASE's wide exposure throughout the North American wind industry; it reflects detailed structural engineering experience with a variety of turbine OEMs and their proprietary tower systems; it demonstrates a range of experience from modern installations to older/legacy turbines and towers; and since the vast majority of the list are *repeat clientele*, it is a direct indicator of client satisfaction.

## PARTIAL CLIENT LIST:

Airstreams Renewables, Inc.  
Aegis Renewable Energy  
Barr Engineering Co.  
Blattner Energy Inc.  
Boulder Wind Power (BWP)  
Clipper Windpower  
Coastal Engineering Company, Inc.  
County of Kern, California  
Earth Systems Global, Inc, (ESGI)  
EDF-Renewable Energy (EDF-RE)  
Endurance Wind Power  
Energy Concepts, Inc.  
Envirotech Engineering & Consulting, Inc.  
Envision Energy  
enXco Development Corporation  
EWindfarm, Inc.  
EWT Americas, Inc.  
Free Breeze Energy Systems LTD (Canada)  
General Electric  
Global Tower Solutions, LLC (GTS)  
Goldwind USA, Inc.  
Google, Inc.  
Keystone Tower Systems (KTS)  
Halus Power Systems  
Infinity Wind Power  
Kern County—ESPS Department  
National Renewable Solutions, LLC  
Nordex USA, Inc.  
Northern Power Systems  
NRG Energy, Inc.  
Ogin, Inc. formerly FloDesign Wind  
Turbine (FDWT)  
One Energy LLC  
Patrick & Henderson, Inc. (P&H)  
PowerWind GmbH

RBB Engineering, LLC  
Renewable Concepts, Inc. (RCI)  
Rockwind Venture Partners  
Senvion, formerly REpower Systems, Inc.  
Sustainable Energy Developments, Inc.  
Suzlon Wind Energy Corporation (SWEC)  
Tenderland Power Company  
Terra-Gen Power, LLC  
Vestas American Wind Technology  
Vestas Canadian Wind Technology

## OTHER TOWERS:

On several occasions, on behalf of a primary client tasked with assessing a third party's tower design, ASE has participated in structural design reviews, performed permit plan reviews, or consulted on design issues. Through such tasks, ASE has had detailed structural design review experience with tower systems from the following additional (non-client) vendors:

Alstom-Ecotecnia  
Bergey WindPower Co.  
DeWind Co.  
Gamesa  
Guodian United Power (GUP)  
Mitsubishi Wind Systems  
Nordtank  
Northstar Wind  
Postensa Wind Structures (PWS)  
Siemens  
Sinovel  
Tindall Corp. Atlas CTB  
WindSpire  
XEMC
